NUTS & BOLTS

Hello fellow glue-sniffers. Our October meeting went real well. The minutes of the September meeting were read and our treasury has \$188.46 in it. We discussed our Spring show to be held on Saturday, March 15, 2008 at the club house. Our theme will be anything GM in honor of General Motor's 100 anniversary.

On Monday, October 29, we held a special board meeting of club officers. Results will be announced at the November meeting.

On Sunday, November 4, Stan, Scott and myself attended Floyds show in Portland. Scott won first in class for his dirt tract racer. Stan won first in class for his 2007 Mustang station wagon, third in class for his paint booth diorama and second in class for something else. Congrats. There were around 130 models on display. There were also about a dozen dealers selling models. We had a great time and we all bought some kits we wanted and needed. Remember, you can never have too many models.

DUES DUE

Annual dues were due in June. For a mere \$13.00 you can participate in the worlds greatest hobby with others who share your interest. Not to mention, you get access to this great newsletter every month and our new web site.

UPCOMING EVENTS

Next club meeting: Sunday, November 18, 2007, 6:00 PM at the West Point Grange in Coburg. Bull session at 5:00. Bring your recent builds and projects.

March 15, 2008: (Sat.) Spring Classic at the West Point Grange in Coburg.

Sat. June 2008, Camero/Dodge SRT challenge between our club and S.A.B.A. More details to come.

TRIVIA QUESTION

Last months question:

Q. What auto maker was founded way back in 1856? Hint They were still building cars in the 1960s.

A. Studebaker: which was founded in South Bend, Indiana in 1856 to build buggies and wagons. By the 1890's, they were one of the largest makers of horse drawn vehicles in the country. They built their fist car in 1902.

This month's question: Who founded General Motors and why?

WEB SITE OF THE MONTH

This month's web site comes from Chris: Scaleproduction.de, yes it's from Germany and has lots of cool stuff for many cars like trans-kits and wheel-sets. Thanks Chris for the tip.

HELP WANTED

We still need your articles, tips and suggestions for upcoming issues. So if you have an idea, write it down and send it in. You can mail it to me at Don Hunter, P.O.Box 368, Springfield, OR 97477.

EPILOG

Will wrap it up for now. See you at the next meeting, meanwhile "Keep on Building".
