NUTS & BOLTS

Hello fellow modelers. Welcome to another edition of Auto Modelers Journal. Our annual picnic was held at Stan's house and attendance was good. We had lots of good food and a tour of Stan's museum. We also held a brief meeting. The minutes of the July meeting were read and last minute details for Stan's Show & Shine were made. Our treasury has \$430.85 in it.

We made last minute details for Stan's Show & Shine which was held on Saturday, September 13th from 9 -3. We had 68 entries, 2 vendors and a special display of Ford Model "T"s by Stan Reeser. Everyone had a good time. We would like to thank our sponsors: Eugene Toy and Hobby and Dari-Mart. Thanks to all those who attended and volunteered their time to help make it a big success.

The show's theme was Ford Model "T"s in honor of the 100th anniversary of the Model "T"s debut on October 1, 1908. The winners are listed below:

TRIVIA QUESTION

August's question:

Q. What car holds the record as the most expensive car ever sold at auction?

A. Early in 2008, a 1961 Ferrari sold for a record \$11 million.

This month's question: Although hot-air ballooning began in the mid 1700's, there were no deaths until 1910. What automobile company founder holds the dubious honor of being the first person to die in a balloon accident?
